

RatingsDirect® on S&P Capital IQ Pro

Get a comprehensive view of credit risk, faster, on a powerful platform that travels with you.

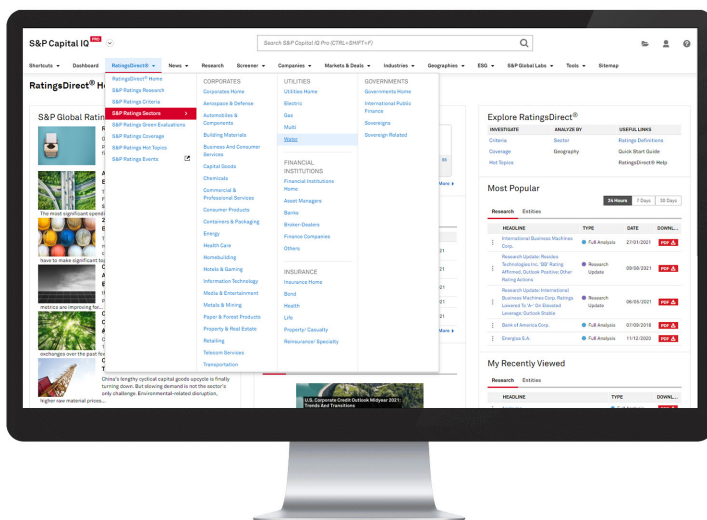

As the official source for S&P Global Ratings credit ratings and research, RatingsDirect combines this essential intelligence with comprehensive market data, credit risk indicators and dynamic visualization tools, all on a single platform.

Get the whole credit story, faster, from your desktop or on the go.

Ratings and research play an essential role in how you monitor risk. By combining ratings and research with comprehensive market data and risk indicators, RatingsDirect on the S&P Capital IQ Pro platform offers a robust workflow solution for efficient credit analysis.

Our powerful web-based solution provides access to current and historical credit ratings, data, criteria, and research from S&P Global Ratings:

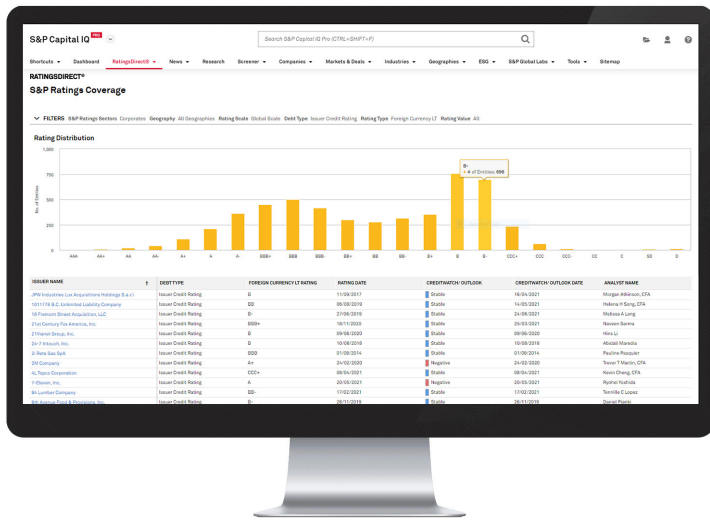

- Widest coverage with 1 million+ credit ratings outstanding¹
- Global, national and regional scale credit ratings on issuer and issue level
- Detailed research on issuer and issue level, economies, credit trends, hot topics (including Environmental, Social, and Governance [ESG]) and special reports
- Credit research in Chinese, Portuguese, Russian, and Spanish
- Credit adjusted Income Statements, Balance Sheets and Cash Flows

Plus:

- Deep insight into entities and securities rated by S&P Global Ratings.
- In-depth research details the rationale behind the rating as well as timely and topical commentaries affecting credit markets globally.
- Robust workflow tools including customizable screening & charting tools to pull lists based on your unique needs. Set alerts so you stay on top of relevant rating actions as and when they occur.
